MESSAGE FROM THE DEPARTMENT

With the world of finance coming back to life, and a few rays of hope shining bright for the Indian economy, the placement season at DFS this year was a successful one.

The recruiters, especially banking institutions and credit rating agencies made the best of the opportunity as the future of financial activities seems expansive. A lot of money is being pumped into infrastructural development by the government, thus the credit providing institutions seemed busy recruiting as well.

The overall response to the recruitment was better than the last recruitment season with a string of new recruiters accepting to come to the campus. The department also hosted a number of new recruiters for final and summer placements this season, with investment banking and financial research as the major verticals on offer for summers.

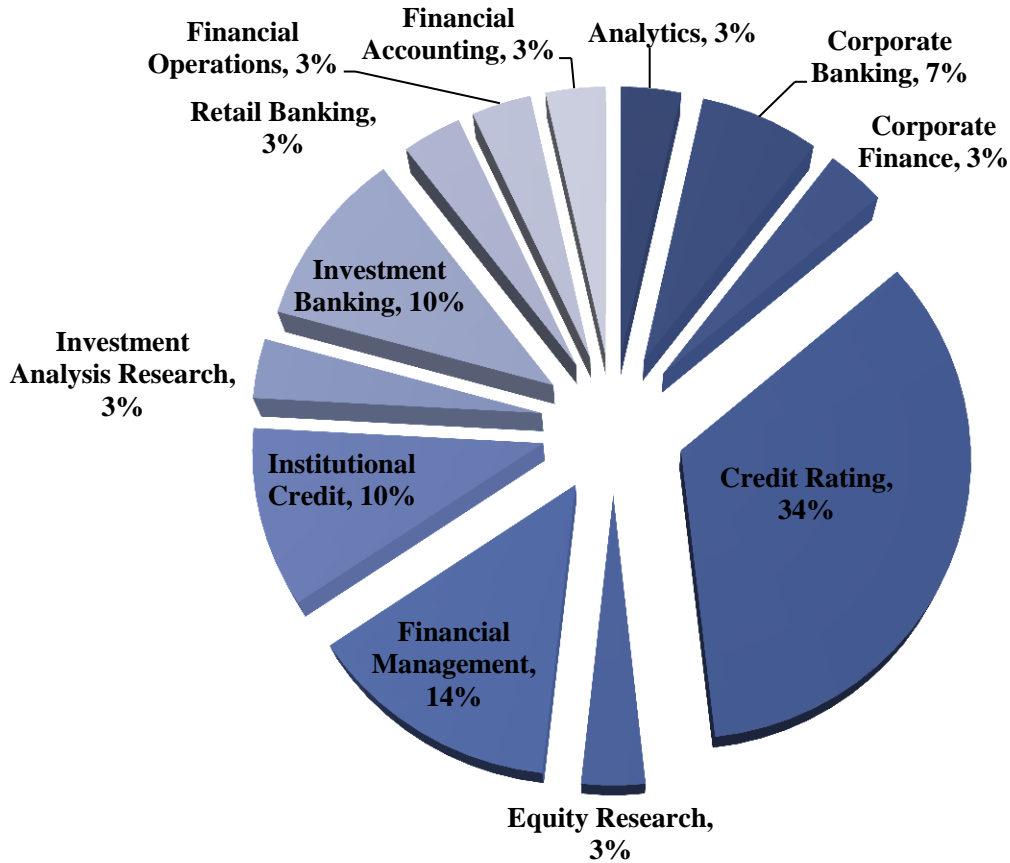

Apart from placements, the department also inculcated corporate exposure into its pedagogy by way of numerous Guest Lectures and Leadership talks by senior professionals from the industry as a part of the Corporate Relationship Programme.

Best Wishes,

Corporate Relations & Placement Team

DFS batch of 2016
