# The Pandemic and the Way Forward

Soon after the World Health Organisation (WHO) declared the Coronavirus outbreak (COVID-19) a pandemic, sudden havoc broke loose across the globe. The exogenous shock triggered a flight to safety among global investors leading to sudden exit from relatively riskier investments across developed as well as emerging markets.

## Effect on Financial Sector

As a fallout of pandemic and ensuing financial stress, bank's profitability will be under pressure due to reduced off take of loans under recessionary market conditions and cautious customer outlook; fall in transaction banking income on account of lower cross border trade; drop in fee income on distribution of wealth products and volatility in capital markets. In the short term, savings may increase, which can help cushion the liquidity demand for banks and retail investors may also defer their renewal and/or opt for endowment products that will adversely impact the flow to capital markets but may prove positive for insurance companies and banks having scale and strong balance sheet.

## A Booster Shot for India's Financial sector in light of COVID-19

### A Double-edged Sword

With COVID-19 bringing global economy to a standstill, big names like Virgin Australia, Hertz, JC Penney have filed for bankruptcy. Even firms on solid footing have to reconsider their capex in order to ensure sustainability.

Though the financial sector hasn't been directly hit, it stands on the verge of trade-offs between:

- Cease further loans to low credit firms to prevent further defaults,
- Increase provision to account for estimated increased default from existing loans & advances,
- A flush of liquidity without high yield, leading to low NII for banks on top of prevailing moratorium,
- Lack of cheap funding for NBFCs.

Source: <https://news.bloomberglaw.com/bankruptcy-law/wave-of-u-s-bankruptcies-builds-toward-worst-run-in-many-years>

# Major Structural Reforms

## a. Policy Repo Rate:

With a phased rate cut of 115 bps in the last 6 months, RBI has tried to infuse liquidity in economy through a series of Primary Bond buybacks, aiming at demand revival in the next 2 quarters.

Source: <https://tradingeconomics.com/india/interest-rate>

## b. Liquidity Enhancement:

While the 3-month moratorium has locked out banks from NII, the Govt. has taken a series of steps to act as a cushion:

- No need for cash reserves against SMB, home or auto loans from 31st Jan to 31st July.
- Reduced CRR from 4% to 3%, freeing up INR 1.37 trillion for banks,
- INR 2.5 trillion in 1,3-yr Repos & LTROs,
- Increased liquidity tap for primary bond underwriters from INR 28 to 100 billion.

These measures come in addition to direct cash transfers and insurance benefits to 300 million citizens. Provision of disposable income is expected to support normal consumption pattern, to stabilize agriculture and FMCG sectors.

## c. Credit Easiness:

A series of steps have been taken to ensure MSMEs and distressed firms remain 'going concern':

- No fresh bankruptcy proceedings for the next 6 months,
- Increase for IBC defaulter amount eligibility from INR 1 lakh to INR 10 million,
- Relaxation in NPA classifications to reduce provision requirements for banks,
- Commercial property loans to be extended as 'standard' for 1-yr without any paydown.

Amidst rising credit stress, these policies act as a balm to the financial sector, which has been struggling with mounting NPAs since 2015. Though they may act as short-term relief, with increasing unemployment & firms closing down business, the question remains how long before the next credit bubble bursts?

## d. Financial Market stabilization:

As financial markets act as the barometer of an economy, extreme volatility has caused huge market swings from 12,500 to 7,500 and back to 10,000 levels for Nifty 50 within 3 months.

Source: <https://www.google.com/search?client=opera&q=nifty+50&sourceid=opera&ie=UTF-8&oe=UTF-8>

Both RBI and SEBI have actively tried to protect investor's money by curbing volatility through the following steps:

- Reduced timings for Commodity & Currency markets to avoid large swings,
- Additional 45 days to listed companies for declaring quarterly & annual reports,
- An INR 50,000 crore emergency tap in light of the Franklin-Templeton fiasco

## Can Financial Sector Lead Economic Recovery?

With Reserve Bank of India (RBI) liquidity boosting measures and INR 20-trillion economic package (comprising around 10% of India's GDP) there are several green shoots that may emerge in post COVID India. A major effect of RBI measures such as lowering of repo rates, introduction of TLRTO (Targeted long-term repo operations) particularly for Non-Banking Financial companies (NBFCs) and Housing Finance companies (HFCs) and easing of asset classification norms can kickstart the lending activity and lay the foundation for credit led recovery.

In addition to this, there have been massive liquidity injections by Global Central Banks in response to the financial disruptions caused by COVID-19. The mammoth quantitative easing would ensure continued flow of capital into India which still commands a higher growth rate as compared to other emerging markets. All in all, this can push up the depressed asset prices in India thereby aiding the consumer sentiment and ensuring credit led recovery.

# MBA-FINANCE PROGRAM AT A GLANCE

If you are looking for an MBA in finance then Department of Finance & Business Economics, Delhi University is the right place.

- It comes under one of the most reputed universities, that is, the Delhi University.
- Unlike most other institutes where you start with the general MBA and then move towards a specialization, it starts to build a base in finance right from the start.
- The faculty is one of the most important factors for an institute and MBA-Finance Program is blessed in that aspect. MBA-Finance Program faculty, both core as well as visiting, constitutes of scholars and researchers having a strong hold on their subject and a lot of industry exposure and are always ready to help students learn and grow.
- MBA-Finance Program has been ranked among the top 15 B-schools for MBA in Finance as per InsideIIM.

- It has been ranked under AAA category as per TIMES ranking.
- Its ROI is one of the best in India and this factor gives MBA-Finance Program an edge over other institutes.
- MBA-Finance Program provides an excellent placement platform with a healthy “company to student” ratio. Our recruiters include top companies such as De Shaw, Arcesium, Duff and Phelps, Ernst & Young, KPMG, Axis bank, ICICI, Moody’s etc.
- MBA-Finance Program has long standing relationships with foreign institutes which help students secure internships abroad. We also have students coming from these universities who join us for a classroom programme. This year we had 7 students from France.
- Apart from this, MBA-Finance Program is also a CFA affiliated institute and as a part of this recognition, the students of MBA-Finance Program are entitled to scholarships for the CFA Program.

---

# Placement Advisor Speaks

---

With the financial markets changing in a blink, the world needs human resources that are adaptable to the dynamic status quo yet grounded with values. With its lauded pedagogy of over two and a half decades, the MBA-Finance Program prepares students to not just act as assets to the organization that they become a part of but also to the world at large. Master of Business Administration (Finance), the flagship programme of MBA-Finance Program, has a curriculum that provides in-depth knowledge, cross-functional integration and strong analytical & inter personal skills with a global perspective.

The elective subjects offered in the second year help students to excel in their areas of interest. The student profile is a vibrant mix from diverse backgrounds and thus gives the batch a new outlook to ideas and situations.

Our alumni are reputed and hold offices in the most esteemed organizations worldwide. The faculty consists of distinguished and learned academicians and practitioners who provide students not only with theoretical knowledge but also guide them with practical examples and projects. The students also get the privilege of interacting with guests from the industry who have achieved various accolades in their respective work fields. MBA-Finance Program focuses not only on professional development but also prepares individuals to undertake social responsibilities through community service programmes. Industry visits, workshops and co-curricular programs are a regular feature at the department. The preparation and hard work of students to gain knowledge would remain dormant without the corporate relations that we are honored to share with members of the business world. Therefore, I invite you to participate in the campus placement process for the year 2020-21. We look forward to a strong and lasting relationship with our corporate partners.

**Dr. Varun Dawar**

MBA-Finance Program focuses not only on professional development but also prepares individuals to undertake social responsibilities through community service programmes.

# Course Curriculum

## Part 01

The schedule of Part I has two semesters, viz. Semester I and Semester II. The schedule of papers prescribed for Part I shall be as follows:

### Semester I

- Managerial Economics
- Business & Corporate Laws

The MBA Finance Program offers a niche course that seeks to equip a select group of students with conceptual and analytical skills of financial decision making. What sets this course apart from other contemporary courses in the area of management is the balanced blend of various aspects of finance. The students are provided with inputs in the basic areas of managerial decision-making such as Managerial Economics, Quantitative Techniques, Financial Accounting, Corporate Law etc., as well as in different areas of finance such as Financial Management, Financial Services, International Finance, International Accounting, Investment Management, Project Appraisal and so on. To keep students abreast with the latest developments in the field of finance the curriculum has been updated to include new courses such as Derivatives & Risk Management, Treasury Management, Real Estate Investment Management, Insurance Management, Mutual Funds Management, Equity Research etc.

## CFA UNIVERSITY AFFILIATION PROGRAM

Department of Financial Studies is one of the academic institutions which was recently welcomed into CFA University Affiliation Program. Academic institutions that embed a significant portion of the CFA Program Candidate Body of Knowledge (CBOK) including the Code of Ethics and Standards of Professional Conduct—into their curriculum are eligible to participate in the University Affiliation Program.

An Affiliated University signals to their students and to employers that their curriculum is closely tied to the practice of investment management and is helpful to students preparing for the CFA® Program exams. The affiliation is a signal to Industry as well as potential students that MBA-Finance Program curriculum is closely linked with the professional practice hence giving an edge those students who are sitting for CFA Exams. As a result of this recognition, the students of MBA-Finance Program are entitled to scholarships for the CFA Program.

# Industry Connect Program

We at MBA-Finance Program maintain judicious mix of academic input and corporate exposure to prep our students to meet the dynamic needs of Finance Industry. The Corporate Connect Program involves inviting industry experts to share their work experiences with the students to introduce them to the different segments of the industry. These are interactive sessions where students get a chance to clear their apprehensions about corporate world. Also, these experts are the potential recruiters who can gauge the quality and aptitude of the students at the campus.

1. **Nadeem Pirzada**, AVP, Risk Management, Wells Fargo
2. **Anand Menon**, Vice President, Darashaw
3. **Ankush Saxena**, Director, Government Advisory, EY India
4. **Anil Jaisingh**, Senior Vice President, Moody's Investor services
5. **MohanKrishnan MK**, Director, Model Risk Management, ANZ Bank
6. **Arun Thukral**, MD&CEO, Axis Securities
7. **RamnishKochgave**, President-Investment Banking and Head ECM, Elara Capital
8. **Arun Narasimhan**, Director, EY Restructuring
9. **Rahul Gupta**, Director, Mergers & Acquisitions, Cognizant Technology
10. **Manish Gupta**, Director, UBS

## Session 1- Emerging Financial Technologies

**Mr. Vinod Kashyap**, UN/CEFACT  
Expert & Director, NextGen.

**Discussion-** Fourth Industrial  
Revolution and Emerging Technology

**Debajani Mohanty**, International  
Bestselling Blockchain Author of 4 books,  
Solution Architect, Consultant, Mentor.

**Discussion-** Innovation in Payment System.

**Mr. Vikas Sharma**, MD, Sunworks  
Consultation.

**Discussion-** Big Data & it's  
application in International Trade.

### Fireside Chat

**Moderator:** Mr.MridulUpreti, Founder,  
YSTART

**Session:** Mr. Sanjay Menon, Managing  
Director, Sapient India.

## Session 2- Innovation challenges in Banking and Financial Institution

**Mr. Kumar Kushal**, Global CTO, Tiller Group, New York.

**Discussion-** Future of Digital Banking & Fintech.

**Mr. Rajat Bhatia**, Co-Founder, Founder & CEO, Neural Capital.

**Discussion-** Impact of Fintech on the Insurance Industry.

**Mr. Raman Agarwal**, Chairman, FIDC

**Discussion-** NBFCs: Thrust and Challenges.

## Session 3- Innovations in Financial Markets and Regulations

**Mr. Vinit Kaler**, Senior Manager-  
Training and Education, MCX

**Discussion-** Innovative Financial  
Products in Commodity Markets.

**Dr. Rajendra Srivastava**, Ex-EY Professor  
and Ex-Director, EY- Centre for Auditing &  
Research

**Discussion-** Text Mining for Financial and  
Non-Financial Information for SEC Filing &  
Textual Analysis for Predictive SEC.

**Mr. Sunil Sharma**, CEO, SquadX

**Discussion-** Role of Blockchain & DLT  
in Shaping the Financial Innovation

# Alumni Network

An institution's alumni are the reflection of its past, representation of its present and a link to its future. Over the years since its inception, MBA-Finance Program is proud to have produced eminent & distinguished Alumni across the Finance Industry.

## ALUMNI MEET:

And what better way to keep familiar with Finance Industry than interacting with our alumni. MBA-Finance Program Alumni Meets act as a convivial gathering for our past students and provide a platform for the current batch to interact with their seniors. Our Alumni meets were successfully organized in Delhi, Bangalore & Mumbai with the efforts of students of MBA-Finance Program and support of the alumni.

**Gaurav Pradhan**, Managing Director at Credit Suisse
